*HSC*

**2018 - 2020**  
*Amravati, India*

## Projects

---

**Gemini Clone** <https://gemini-clone-frontend-4in8.onrender.com>

**April 2025**

- Developed a responsive, single-page AI chatbot application using React.js for frontend and Node.js/Express.js for backend.
- Integrated OpenAI GPT-4 API to simulate intelligent, context-aware conversational responses.
- Enabled chat history management using MongoDB, allowing users to view, delete, and revisit past conversations.

**College Enquiry Chat Bot** [GitHub Link](#)

**August 2023**

- Provided information: Answer questions about admission requirements, application deadlines, available programs, campus facilities, faculty details, etc.
- Improved user experience: Enhance the user experience by providing instant and accurate responses to inquiries, thus reducing the need for manual intervention.
- Guide and assist: Offer guidance through the application process, provide links to application forms, direct users to relevant web pages, and assist in finding specific information.
